

# science in a created world

## **PROGRAM** **CONFERENCE ON BIOLOGY**

2025 March 28 – 30

Freizeitheim Friolzheim, Mühlweg 8, 71292 Friolzheim

*Time slots include discussion*

### **Friday**

- 17.00 Arrival  
18.00 *Dinner*  
19.30 **Opening**  
20.00 **Dr. Tom Zoutewelle:** Why do we need a rapid speciation model?  
21.30 End of first Session

### **Saturday**

- 8.00 Devotion  
8.15 *Breakfast*  
9.00 **Dr. Robert Carter:** The Braided Baramin Concept I  
10.30 *Break*  
10.45 **Ruben Jorritsma:** Does evolution adequately explain functional endogenous retroviruses?  
12.00 *End of second session – Lunch*  
14.00 **Dr. Peter Borger:** Variation-Inducing Genetic Elements  
15.30 *Break*  
16.15 **Tomi Aalto:** Epigenetics and Speciation  
18.00 *Dinner*  
19.00 **Dr. Robert Carter:** The Braided Baramin Concept II  
20.15 **Dr. Nigel Crompton:** Mendelian Speciation: his Law of Population Development and the role of Genetic Drift

### **Sunday**

- 8.30 *Breakfast*  
9.30 **Sunday service**  
11.00 **Final session – exchange and suggestions**  
12.00 *Lunch*  
13.00 End of conference
